

## Student Honors Solo Recital

Institute participants have the opportunity to perform in the Student Honors Recitals at the noon concerts on Tuesday and Wednesday. If you would like to be considered as a soloist for the Student Honors Recital, you are invited to audition by submitting a YouTube video recording of a well-polished and memorized piece with accompaniment (if applicable). It is an honor to be selected and candidates must demonstrate good posture, high quality technique and exceptional musicianship. The piece you submit will be your performance piece. Consideration will also be given to a variety of ages, levels and instruments.

Directions:
